

HALLO! I KISS YOU!

My name BORTA ZGLTNGZY. I am number one politician, turnipe farmer and mayor of MOURKAN, capital city of Legendary Lost Kingdom of STRIGOS, located in far away BADLANDS. Strigos very famoos place because of vampires many years ago. But now, we have new king of STRIGOS, King NOBAICHU who is not at all a vampires. In fact, King keep us safe from vampires because he knows only vampires biting virgins, so he brings all virgins in Strigos to his castle to keep safe. My wifes SVERTA go tree times to the castle already - GREAT SUCCESS!

In fact my wife need so much protection in castle that King Nobaichu say to me, he says Borta you need to be more than just major of Mourkain, you need to be Ambassador of our great nation to the Old Worlds. He sending me to greatest city of greatest nation in World: ALTDORF in the EMPIRE for to make glorious book about your great country for to learn Strigos to become as great as your Empires!

Empires very strange places. You have pointy-ear mans walking around without chain on leg! You have womens showing off neck skin without being stoned in the pit! You have beardy-face man no working in mine! Plus you have much famous stage show by DETLEF SICK showing to many many peoples every nights. I go to see the stage show and see very beautifull girls wearing no clothings and fighting in the muds. I decide I will marry this girls because they are much more beautiful than my wife Sverta or my sister Sverina and then we make NAKED SEXY TIMES. But to make marriage with a lady I need to give her father four man-donkeys and defeat her hoosband in game of Kill-Elfs-With-Rocks (is national sport of Strigos). If you helps me find donkeys and find her hoosband, I will drawing yous in my books so you will be famoos when I returns to Strigos and I will be sending yous a many hundreds of turrnips in

gratitude! I am richest man in Mourkan and can spare many many turnps. Do not worry I will be not sending you turnops which my brother Dimitro has been sexed with - we say to him no, leave that turnnup but he say no I love my turnup and he drawing face on her and trying to marries her even tho, law says, only King can marry a ternup - NAUGHTY NAUGHTY!

I writings this down as my Reiskpiel not so good and can then make many many copies with fantastic Empire inventions of PRINTING PRESSER. I also be putting my face in printing presser for to send back to my wifes in Strigos to show my GREAT SUCCESS. If you sees my faces or this printing notes please come and see me so we may have the hot oil sexing and ternep coffees while I put your names in my book for more the teachings of my great nation. Or you can helps me with the donkeys. I am livings in somewheres called the TEMPEL OF MOR where is like brothels only cheap cheaps because pretty ladies not move around so muches during naked sexy time.

Thanking Yous, Borta Zgltnngzy, Mayor of Morkain, Greatest Source of Daemonroot in All Border Princes.
